Two Boys Killed In Summit Collision; Many Are Injured

Two bay area boys were killed and a third badly injured in an auto-truck collision on Donner Summit Monday morning about 2:30.

The California Highway Patrol reported Stephen Peter Fambrini, 17, San Anselmo, driver of the 1964 Mustang, and Paul Steven Schwad, 16, of Greenbae, were killed and James Adams, 15, Ross, was hospitalized when their car going west crossed the center line and crashed headon into a truck driven by Lloyd Hasch, Healdsburg, who suffered minor back injuries.

Investigating officers said it appeared the driver fell asleep momentarily. The bodies were taken to the Truckee Colonial Mortuary and Adams to the Tahoe Forest Hospital.

All the victims were sons of prominent bay area families.

Car off Grade

Half an hour earlier, Mrs. Georgia McKnight, 55, of Reno, was hospitalized when her car ran off the grade, two miles east of the summit and crashed into the rocks 100 feet below the highway. She was pinned under the car and it took some time to release her. Her condition was not considered critical.

Three Injured

A Redwood City mother, Brunhild Boll, 39, and her two daughters, Jennifer Agnes, 10, and Dianne Elizabeth, 13, were seriously injured Thursday at 12:30 p.m. when their car plunged off the freeway a mile and a half west of Hirschdale and went more than a 100 feet down the grade. Mrs. Wilkes said she was held by two women and thrown to the floor. Wilkes came from the kitchen to stop the disturbance, he told officers, and was set upon and struck several times.

Action Is Filed To Eliminate Hazard

Loehr last week that he was filing a complaint against Jack Wittmier of Sacramento, owner of the Olympic Hotel on Bridge Street, charging him with maintaining a public nuisance in relation to his failure to reconstruct or remove the remains of the hotel destroyed by fire several weeks ago.

The complaint, Berliner advised Loehr, was being filed in the Truckee Judicial District court.

The Truckee Fire Department, the Fire-Ettes and others have been urging the removal of the debris next to the post office and presenting a hazard since shortly after the fire which claimed one life.

Wittmier, it is reported, has had wreckers here surveying the remains of the old structure, apparently for the purpose of having it removed.

Fire destroyed the Brockway Vista Hotel in Kings Beach Friday night. Fire equipment from the North Tahoe Fire Protection District, Crystal Bay and Tahoe City were called out to fight the blaze. Although the loss was only 70% the building will have to be demolished at a loss of approximately $27,000.

The owners are Wilson and Shavely of Lodi who purchased the property last year from Edith and Ralph Hare.

Cause of the blaze was a gas heater in the room of Presley Lipscomb, 21, from 19765 Miner Lane, Reno. He received first degree burns in the fire and the loss of his possessions. No other injuries were caused by the fire.

Credit goes to the volunteer fire department for their efforts in containing the fire to the one building.

Fire Sirens of Crystal Bay will have a repeat food sale to be held at the Food King at Incline Village on June 20. The membership is contributing home made candy, pies, cakes, cookies, bread, rolls, salad, baked beans and casserole dishes. All donations are to be at the Food King by 9 a.m. Saturday to facilitate opening the sale at 10 a.m.

It is suggested that each member double the contribution of saleable food going on the principal that it is easy to double a recipe. In accordance with the policy of the Fire Sirens, a non-profit organization, all proceeds of the sale will go to the acquisition of equipment for the Crystal Bay Fire Department. Now that the summer colony has returned to Tahoe the Fire Sirens hope to extend their membership to all interested women in that area. For further information, phone Mrs. Ed. Black at 831-0297, membership chairman.

LAWS TO PROTECT WILDLIFE WILL BE COOPERATIVE DEAL

More efficient and effective cooperation under recent laws designed to protect fish and wildlife in conjunction with developments on rivers, streams, or lakes, is in the offing. This is the objective of an agreement adopted by the U. S. Forest Service and the California Department of Fish and Game, the two agencies announced this week.

The laws, enacted in 1961, require all persons including timber operators, gravel extractors, and contractors, to notify the DFG before undertaking any project which might substantially divert or obstruct the natural flow, or change the bed, channel, or bank of any river, stream, or lake, or before removing any material from streambeds.

Under this agreement terms of the forest service permits or timber sale contracts will be accepted by the department of fish and game as implementation of these laws.

The DFG will continue enforcement in other areas of the state. More efficient compliance and control will result, the agencies said, because operators on USFS will be dealing with one agency, rather than with two, and the one agency (the forest service) is already on the scene.

Under the terms of the agreement, notifications of operations on national forest lands which come under these laws will be forwarded by the forest service to the DFG for review and for recommendations of steps necessary to protect fish and wildlife resources. These recommendations will then be made part of the contract or permit.

The agreement states it is to the advantage of both agencies that stream protection stipulations be made a part of the forest service special use permit, license, or timber sale contract, and further that every effort be made to work out stream protection stipulations and to make them a part of these documents.

Area Gains From State Liquor Fees

The unincorporated area of Nevada County has received $11,353 as its six-month share of the fees paid by holders of alcoholic beverage licenses in the area.

The payment was made by the state department of alcoholic beverage control which allocates 90 per cent of all license fee money back to individual cities and counties to be used for the many branches of services offered by local governments. The remaining 10 per cent goes into the state general fund.

The most recent payment was for the six-month period ending February 29, 1964. In addition to the unincorporated area payment, individual cities within the county each received a share of the fees, with the grand total for Nevada County amounting to $22,184.

A package store beer and wine license costs the owner $37, with a yearly renewal fee of $12. A general on-sale tavern license costs $6,580 originally, with an annual renewal fee of $580, while a beer and wine only license costs $234, renewable yearly for $84.

According to the California Brewers Association, local governments throughout the state as a whole received $6,668,186 for the latest period which, coupled with the $4,168,445 received for the period ending August 31, 1963, makes an annual total of $10,836,631.

MIKKELSEN HONORED

Roy Mikkelsen of Auburn, widely known former ski expert and member of the organizing committee during the 1960 winter Olympics at Squaw Valley, was named to the Ski Hall of Fame during the 60th anniversary convention of the United States Ski Association held last week in Chicago.

Four Men Held In Threatened Brawl

AUBURN—Five Placer County deputy sheriff, sent to Kings Beach over the weekend to guard against a recurrence of a gang fight between Nevada and Tahoe area young men, arrested four on drink charges.

Sheriffs Lieutenant Max Bennet said a rumble had been heard the rival factions had planned to clash again. On the previous weekend, he said a fight in Kings Beach resulted in John Hutchins of Kings Beach being hospitalized with injuries. No arrests were made then as the fight participants scattered before the officers arrived.

Those arrested Sunday are Ernest J. Montano, 24, of Sparks, charged with being drunk; Jerry W. Havniear, 21, Sparks, charged with being drunk and having liquor in an open container; Colin D. Kennedy, 22, of Sparks, drunk, and John C. Blakemore, 20, of Reno, possession of liquor by a minor.

Bennett said weekend patrols of the lake area will be continued.

Vive Les Girls Still Pleasing Audiences At Nevada Lodge As Season Advances

CRYSTAL BAY—Now in its sell-out week at North Lake Tahoe's Nevada Lodge is Frederic Apcar's sensational Vive Les Girls revue.

This all new 1964 edition of the lavish revue was conceived and produced in Paris. Now in the Topaz Room of the Nevada Lodge largest resort-hotel-casino at the North End of Lake Tahoe, the revue has been acclaimed by the hundreds who have seen it as even more exciting than the 1963 edition.

The 1964 edition of Vive Les Girls features a large cast of continental artists in more than a dozen breathtaking scenes. Producer-Director Frederic Apcar reports the stunning new revue offers "adults only" entertainment in song, dance and original musical presentations—complemented by unusual costuming and striking stage settings.

The cast of Vive Les Girls features performers from France. Germany. England and Italy. Jacqueline Douget, Kim Darvos and Jean Philippe are just three of the show's headliners.

The Volantes. a unique unicycle act follows with some of the most exciting riding seen in these parts lately. The Tropical Paradise number featuring the full company is enough to send any red-blooded American away to sea to search for that fabled Tahitian isle.

Barnard Chareyron. a sterling "Mr. France" type shares the spotlight next with Jacqueline in a dance that stops the show. Their adagio act is considered one of the highlights of this or any season by aficionados of the Paris-Las Vegas show circuit.

Jean Philippe, a terrific tenor, next sings a medley of French and American songs while the cast prepares for the Frederic Apcar version of Cinderella. This is a comedy production number with the full company and features Jacqueline and statuesque blonde Kim Darvos. a talented English girl and a striking beauty.

The Peiro Brothers offer a continental comedy act that has more to it than meets the eye. A sensation in their last appearance in as Vegas. the three brothers are first class entertainers who have pleased crowds in almost every country in Europe.

Al Reale of San Leandro who got the hole-in-one during the Harrah's Tournament at the new Incline Village Country Club golf course has accomplished far more than this golf achievement. A lesson to all who have handicaps to overcome. He was injured in an accident last year and thought his days of golf were over. Using golf as a form of therapy, he overcame this handicap and not only was he the only person to hit a hole-in-one in one of Harrah's tournaments but he won the Rolls Royce that was given by Harrah. Reports from the golfers on the new golf courses have all been unanimous in pronouncing it the greatest golf course ever.

The Fourth annual junior fire program at North Lake Tahoe was held June 7th and was attended by junior firemen from Tahoe City and Kings Beach schools. Children from the third grade through the eighth grades participated, some winning badges by writing essays and others by circulating check-lists, all aimed at fire prevention in their respective communities.

Fire chiefs Al Henry, Jos Fulton, Curtis Hart and director Raymond Fellows presented badges to Nikki Ballenger, Chief for a day of Tahoe City, Cheri Bechdolt, battalion chief, Linda Duyer, battalion chief, and captains, Debbie Everson, Sally Starratt, Merry La Tour, Barbara Nielson, Linda Melin Yvonne Roberts and honorable mention to Gary Bullwinkle, all of Tahoe City.

Kings Beach Chief for a day was Richard Johnson, battalion chiefs were Stephen Holley and Mike Holley, captains were Greg Pope, Doug Turner, Tommy Hull Sandra Libby, David Briscoe, and Loretta Anderson.

The activities began at the Brockway Theatre where Bill Tamblyn showed cartoons and the U. S. Forestry showed a fire prevention film. Bill McGree was in charge of the forestry participation and was assisted by Roger John who entertained as Smokey-the-Bear.

Following the theatre program the Junior firemen paraded to the Kings Beach fire station where the Elks Club of North Lake Tahoe prepared hot dogs, ice cream and soda pop and music. John Levra furnished the music for a twist contest.

The rope pulling contest was won by the boys—the girls having won it the previous years.

Wives of the North Shore Volunteers assisted in the preparation of the festivities and transportation. The Juniors declared the party great and fire chiefs Al Henry and Joe Fulton agreed.

FISHERMEN MAY GET CASH TAGS AT LAKE

Fishermen who catch trout in the waters of Lake Tahoe this summer should check their catch carefully. The fish may be sporting a special tag worth $5 to the lucky angler.

The $5 tags, 1,040 of them in all, have been put on rainbow trout which are being planted in Lake Tahoe as part of the Lake Tahoe fisheries study. This is a joint effort of the California and Nevada fish and game departments to improve the quality and quantity of fishing in Lake Tahoe. The study is financed in part by federal funds from the excise tax on fishing tackle.

Altogether, 18,000 rainbow trout are being planted in Lake Tahoe. These are trout of three different strains, and most of them run from 10 to 16 inches long. All of them have fins clipped for identification, and 6,000 of them wearing tags. There are 260 tags worth $1 apiece in addition to the 1,040 tags worth $5 each.

"We are planting these larger, two year old fish, to see if they will give anglers a good, long term fishery for trophy sized rainbows," explained Almo Cordone, the California DFG fishery biologist in charge of the study.

"We want to find out which one of these strains of trout give the best results, and in order to do that we have to be sure that anglers let us know when they catch a tagged fish. When they turn their tags in for the reward we get the information we need."

Fire Prevention Class

The Truckee district Tuesday and Wednesday was host to other districts in the Tahoe National Forest at a fire prevention school conducted at the museum in Donner Memorial State Park. Twenty-five forest service officials participated in the school.

TINKER BELLES NAME OFFICERS AT MEET

A regular meeting of the Sierra Tinker Belles Garden Club was held at the home of the president, Mrs. N. F. Dolley on Tuesday, June 9. The first order of business—the election of officers for the coming year—proved to be a simple matter, as it was voted to retain all present officers.

Mrs. Dolley gave a report on the planting that has been done at the administration building at the airport and told what is yet needed to be done to have it in readiness for the dedication ceremonies on June 21 and recruited help for this final planting.

Plans were discussed to raise money to help with the landscaping of the hospital grounds, a joint project of the club and the hospital auxiliary.

Providing roads are in good condition, a field trip to Ice Lakes is scheduled for June 23.

After conclusion of business, cake and coffee were served to Mesdames L. E. Hadley, Carson White, Robert Affeldt, Ray Wiser, John Houlgate, Anthony St Claire, N. F. Dolley, Frank Quilici, Harold Hall, Ruby Probasco, Walter A. Loynd, M. H. Horton and guest, Mrs. Tom Dolley.

Guests of Son —
John Steever entertained his parents, Mr. and Mrs. John Steever of Reno at his Truckee River home, when the family enjoyed freshly caught trout.

CARD OF THANKS
We take this means of expressing sincere thanks to Mr. and Mrs. Frank Fox, Mr. and Mrs. Robert Edwards, employees of the division of highways and the Truckee Volunteer Fire Department and others who made our farewell reception such an outstanding event last Wednesday evening. We will miss you all.
